SUBSIDIARY SILVER

Secretary Gage Desires Authority to Increase the Amount.

DEMAND FOR SMALL COIN

Of the \$10,000,000 in the Treasury, \$7,000,000 are unfit for circulation by reason of abrasion—Alaskan Military Expedition—Important Items in the Military Bill.

WASHINGTON, Jan. 28.—Secretary Gage sent to Chairman Stone, of the house committee on coinage, a letter in which he explains the necessity for the enactment of several important bills recently introduced in the house at his request and still pending. He says the amount it is permissible, under existing law, to allow the melter and refiner and carrier of the United States mints for waste in their operations of the precious metals is excessive and should be reduced to one-half thousandths of the whole.

The demand for new fractional silver coin since 1893 has been much greater than the amount coined and the treasury has been compelled to pay out worn coin, as the amount of new coins manufactured has been limited by the appropriation made for the payment of loss on recoinage of such coin.

From the demands for new coin it would appear that a much larger amount of subsidiary silver coin would be maintained in circulation if the secretary of the treasury were authorized to use any silver bullion now in the treasury, in the coinage of such denominations of subsidiary silver coin as might from time to time be required and it is therefore recommended that such authority be given by congress not only to use any bullion now in the treasury, but also authority to receive all worn and abraded fractional silver coin now in the treasury and hereafter received. There are now in the treasury over \$10,000,000 in subsidiary silver coins, of this amount it is estimated that about \$7,000,000 is unfit for circulation. The third bill is to authorize the receipt of foreign gold coin in sums of \$5,000 in any single deposit and to pay for them without previously melting the coin to be held as bullion and paid out for export in exchange for United States coin.

Senate and House.
WASHINGTON, Jan. 28.—The senate yesterday decided to extend the time for debate on the Teller resolution, the vote to be taken at 6 o'clock this evening. The debate was continued throughout the entire session yesterday. The house succeeded in passing the Indian appropriation bill, the only important changes in it being the elimination of the provision for leasing of the gilsomite mineral lands of the Kiowa, Comanche, Wichita and Apache reservations.

Alaskan Military Expedition.
WASHINGTON, Jan. 28.—Acting Secretary McKeljohn is arranging to send a military expedition up the Copper river route to Alaska to map out the topography of the country and finally establish the value of this route to the Klondike gold fields. Reports indicate that this may turn out to be the most feasible of the winter routes and that is one reason for sending the expedition now.

Three Important Items.
WASHINGTON, Jan. 28.—It is regarded as settled that the naval appropriation bill, now being framed by a house subcommittee, will contain three important items namely, \$1,000,000 for smokeless powder, \$300,000 for reserve ammunition and \$93,000 for the establishment of a government powder factory.

Highest Point in Seven Years.
WASHINGTON, Jan. 28.—The gold reserve yesterday reached \$163,670,000, the highest point in about seven years. The accumulation is becoming something of a burden and the government is no longer encouraging its deposit.

RECEIVED AN OVATION.

McKinley at the Banquet of National Association of Manufacturers.
NEW YORK, Jan. 28.—The third annual banquet of the National Association of Manufacturers of the United States, which took place last night at the Waldorf-Astoria hotel, was one of the largest and most elaborate affairs of the kind ever given in this city. One thousand guests were seated at the tables.

The fact that President McKinley would be present caused a rush for more tickets.

The wildest enthusiasm prevailed when President McKinley was introduced. Men stood in their seats; women in the boxes waved their handkerchiefs and the uproar drowned the speaker's voice. The cheering and clapping of hands were redoubled when a toast was drunk to the president.

President McKinley responded, speaking slowly and plainly and was heard in every portion of the hall.

GERRARD FOWKE.

He Has Been Investigating Indian Mounds Near Aberdeen, Ky.

MASVILLE, Ky., Jan. 28.—The mysterious party who has been opening Indian mounds near Aberdeen, turns out to be Gerrard Fowke, who is connected with the Smithsonian Institution. He has left for New York, whence he will sail in February in charge of a party for Siberia to conduct a series of explorations for the New York Society of Natural History.

Mr. Fowke formerly resided in this county, and is a grandson of the noted duelist, Colonel Charles Mitchell. His explorations of the mounds near Aberdeen disclosed the fact that they were burying places for the Shawnee tribe of Indians, although the tribe was never known, so far as the records go, to frequent this section of the country.

EMPEROR WILLIAM.

His Birthday More Generally Celebrated Than Usual.

BERLIN, Jan. 28.—The celebration of the birthday of Emperor William yesterday was more general than usual. The public and other buildings were decorated with flags and busts of his majesty were everywhere displayed. The emperor received the congratulations of his mother, the ex-Empress Frederick, and the German princess, including the kings of Saxony and Wurttemberg.

The newspapers, excepting the Socialists, published congratulatory articles. The Socialists papers deplore the monarchical feeling and the conservative and agrarian press urge the emperor to show courage and abolish the general franchise and workmen's rights of coalition.

OWN ALL THE WHEAT.

Letter Crowd Claims to Hold Every Bushel in the Country.

CHICAGO, Jan. 28.—"Basing our estimates on the government figures, we think we now own every bushel of surplus wheat in this country," George E. French, the active manager of the big wheat combination, was speaking for himself and Joseph Leiter, who is the visible head of the "clique."

He said: "According to the most reliable estimates obtainable, we think there is not more than 15,000,000 bushels of wheat unaccounted for. Scattered over different parts of the country we have holdings of at least that amount, so we can safely claim to have possession of all the surplus."

ARANGUREN KILLED

Was the Executor of Colonel Ruiz, Blanco's Aide-de-Camp.

BODY WAS TAKEN TO HAVANA

The General Surprised While Visiting a Young Lady—Public Prosecutor Demands Weyler's Imprisonment. Captain Sigbee Is Receiving and Extending Courtesies.

HAVANA, Jan. 28.—Lieutenant Colonel Benedicto, with the Spanish Reina battalion, yesterday surprised near Tapaste, this province, the camp of the insurgent Brigadier General Nestor Aranguren, killing Aranguren and four privates, capturing five of the insurgents and wounding others who made their escape.

The body of Brigadier General Aranguren was brought by train to Havana last evening and delivered to the military authorities. After identification it was sent to the morgue.

Brigadier General Aranguren was evidently about 24 years of age, of fair complexion with blond hair and a small mustache. The body, which shows two bullet wounds, one in the head and one in the right leg, is dressed in cashmere pantaloons, gray woolen coat, yellow shoes and gaiters comparatively new. It is said that the gaiters and the vest once belonged to Lieutenant Colonel Joaquin Ruiz, the aide-de-camp of Captain General Blanco, who, having gone last December to Aranguren's camp with terms of surrender, was executed by Aranguren or with his approval.

According to the Spanish authorities Brigadier General Aranguren was surprised while on a visit to a young woman on the Pita farm, between Campo Florida and Tapaste. He was wounded and on trying to escape was shot dead. Among the prisoners is the father of the young woman. He was the dynamiter of Aranguren's band.

CAPTAIN SIGSBEE.

Commander of the Maine Receiving and Extending Courtesies.

HAVANA, Jan. 28.—Captain Sigbee of the United States warship Maine, accompanied by Consul General Lee and Lieutenants Howard and Haleman of the Maine paid a visit yesterday to General Parrado, the acting captain general who received them courteously and cordially. They expressed themselves as well satisfied with the interview. General Parrado accompanied by Consul General Lee returned the visit on board the Maine this morning.

General Blanco has arrived at Manzanillo, where he has been formerly received by the authorities and by the autonomist committee. Large crowds turned out on his arrival. Reports from Remedios say that many families of the reconcentrados are in a most wretched condition.

SPANISH WAR VESSEL.

Minister Woodford Notified That One Will Visit America.

MADRID, Jan. 28.—United States Minister Woodford's note, announcing the cruise of the Maine, and the reply of the foreign minister, Senor Gullon, intimating that a Spanish war vessel will visit America, are both couched in markedly polite and friendly terms.

It has been decided to send the first class cruiser Infanta Maria Teresa to America, instead of the Vizcaya, because the latter's commanding officer, Captain Concas, in the course of a lecture before the Madrid Geographical society in 1896, censured the United States in a manner that provoked the then American minister, Hannis Taylor, to demand an explanation.

Canalejas' View of the Situation.
MADRID, Jan. 28.—Ex-Minister Canalejas, The Imperial announces, has arrived at Cadiz from Havana (having visited the United States and Cuba to study the political situation), and has expressed a pessimistic view of the duration of the war, declaring the insurgents have the means to greatly prolong their resistance in the mountains.

Demands Weyler Be Sentenced.
MADRID, Jan. 28.—The public prosecutor demands a sentence upon Lieutenant General Weyler of two months' imprisonment.

JANUARY WHEAT.

That Option Sells at \$1.05 on the Chicago Market.

CHICAGO, Jan. 28.—The bulls in wheat yesterday gave another example of how completely they are in control of the immediate course of that market. The Leiter party used January to urge on the excitement of the shorts, hoisting the price of that delivery to \$1.05, an advance of 5 cents. General covering by shorts resulted in a 2 1/2% cents advance in May, while July closed 1 1/2% cents higher, with the largest trade in both futures for some time. Reports that Russia would soon become an importer, a big flour business and strong outside markets all contributed to the strengthening and to make the advance easy.

Fell 800 Feet.

ODIN, Ills., Jan. 28.—Charles Denman, aged 26 years and married but a short time, fell from the top to the bottom of the coal mine shaft here, a distance of nearly 800 feet, and was instantly killed. Mr. Denman was a prominent member of the K. of P. at this place.

Jackson Glass' Unsuccessful Efforts to Take His Life.

CHARLESTOWN, Ind., Jan. 28.—Jackson Glass, an old farmer, yesterday made two unsuccessful attempts at suicide by hanging, due to temporary insanity. He first attached a rope to the top of a door in his home, but his feet dragged. He then proceeded to a well, placed a rail across the top, attached a rope to it and, with the other end fastened to his neck, jumped off. The rope broke and he fell to the bottom in shallow water, and was only slightly hurt.

Twenty Ruffians Leave Lulu Friend in a Mine Nearly Dead.

JACKSON, O., Jan. 28.—As Lulu Friend, a 15-year-old girl, was going from the depot to her home near the Tom Corwin mine, accompanied by John R. Meyers and Vint Faught, two friends of the family, they were attacked by a crowd of ruffians, who overpowered the men and carried off the girl. Meyers and Faught offered a desperate resistance and the latter was struck with a rock, fracturing his skull so that he is not expected to live.

After gaining possession of the girl, the band of ruffians carried her into one of the Weston company's mines, where 20 men outraged her, after which they fled, leaving her half dead in the mine, where she was found soon afterward by a searching party. When found she was in a terrible condition mentally and physically. Physicians do not think she can live. No arrests have yet been made.

INSURANCE RATES CUT.

Fourth Class Towns in Kentucky Receive the Benefit.

LOUISVILLE, Jan. 28.—The Kentucky and Tennessee board of fire underwriters has authorized a cut of from 20 to 25 per cent on dwelling house risks in fourth-class towns. These are places without water, or have ineffectual waterservice. The cut will go into effect at once. It will benefit about 150 towns and villages in Kentucky alone.

The reduction of risks in the fourth-class towns was entirely unsolicited. The Kentucky and Tennessee board is at work on a new four mile schedule. At the request of the board the fire departments have been equipped and waterworks built in many towns.

HEIRS TO THE BALL MILLIONS.

Whisky and Beer Flowed in the Streets of Young America—Left a Peculiar Will—Made Two Attempts to Hang Himself—Escaped From Jail. State Dental Board.

GOSHEN, Ind., Jan. 28.—The county commissioners have entered into a contract with the experts to go over the books of County Treasurers Romaine and Campbell and Auditors Milburne and Landgreaver. This action is the result of charges made by Expert Ernest, who has just finished an examination of ex-Treasurer Holdeman's books which showed him \$22,000 short, and "surface indications" showed both Romaine and Campbell to be short. It is believed the accounts will be found correct, but the feeling aroused by charges and counter-charges of bribery, bookkeeping and defaulting is so bitter that an examination of the county records for years back was deemed advisable by all concerned. The majority of the board of commissioners have been indicted for accepting bribes.

SALOON DEMOLISHED.

Whisky and Beer Flowed in the Streets of Young America.
YOUNG AMERICA, Ind., Jan. 28.—W. F. Nace's saloon at this place was mobbed by about 100 men. Whisky and beer kegs were burst open with sledge hammers and the contents emptied into the street. The bar furniture was broken into splinters and piled into the middle of the floor. The reason given for this outbreak is the alleged treatment of a young boy who had gone to the saloon to take his father, who was intoxicated, home. The boy was told to leave the "old man" alone, but he refused and a fight ensued. When the citizens of the town heard of the affair they were greatly incensed and took this manner of revenge.

Claimants living in Pennsylvania, Virginia, Ohio, New Jersey, Illinois, Kansas and Indiana are represented at the meeting.

Dr. Miles' Heart Cure

Cure a Prominent Attorney.

M. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 80. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me such pleasure to recommend this remedy to everyone."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

W. H. BURLY, Chairman.

C. A. DAY, Secy.

The monetary convention at Indianapolis has given a great impetus to currency reform. Every citizen will do well to study thoroughly the plan proposed. This plan is the result of the most careful consideration by the successful business men of our country. This fact alone entitles the recommendation to the thoughtful study.

The annual meeting of the Indiana republican editors is becoming a more important affair each year. Business matters, to be sure, take a part of the attention during the meetings, but a large part of the succeeding sessions is given up to the political policy of the party. In every campaign the county papers furnish a large part of the facts used by party workers and the readers of these papers are always the best informed and most ready to cast their ballot for the principles which they believe. The party newspaper is recognized every year as a more potent factor in the political campaign.

Men who for years have been suffering with a distressing affection of the back or kidneys have been immediately relieved and permanently cured by the judicious use of Salvation Oil, the great pain cure. Apply according to directions.

Chinese Partition Sooner or Later.

We have been accustomed in times past to think of the Chinese as several hundred millions of perfectly homogeneous people. As a matter of fact, although they belong to the great yellow division of the human race, the diversities of type in the different parts of China are greater than the diversities among white men of Europe, and there is less connection and by far less sympathy among them than among the discordant population elements that make up the present-day conglomerate that we know as the Austro-Hungarian empire. There is an immense range of dialects in China, and it often happens that the people of one neighborhood cannot talk with those who live in another four or five miles away. There is no such thing in China as a pervasive national feeling of an imperial patriotism. The various provincial governments are not under firm control by the central government, and such military and naval forces as exist are provincial rather than imperial. The Chinese of different provinces hate each other worse than they hate the foreigners of other races. When the moment arrives for a partition of China upon a plan that would not injure European peace, the thing can be carried out as easily as was the German landing and conquest at Kiao-Chau. LOTTERY SWINDLERS.

Gang Unearthed by Government Secret Service Men at Cleveland.

CLEVELAND, Jan. 28.—Government secret service agents have succeeded in unearthing a gang of lottery ticket counterfeiters, whose operations during the last five years have extended through nearly every large city in the country. They arrested Thomas Dolan on the charge of sending lottery tickets through the mails. Dolan pleads innocence of violating the postal laws, but says nothing about the swindling scheme. He was released on \$500 bail.

The gang's method of operation was to buy lottery tickets, wait for the announcement of the winning numbers and change the numbers on the tickets to correspond. No attempt was made to have the lottery company cash the tickets direct, but in Cleveland there are 17 "pushers" who disposed of them to individuals at slight discount after showing the official list of winning numbers and making the plea that they were in need of ready money.

ASKED TO RESIGN.

Kentucky House Passes a Resolution of Interest to Senator Lindsay.

FRANKFORT, Ky., Jan. 28.—The house yesterday, after a hot debate, adopted a resolution calling on United States Senator William Lindsay to resign, if he cannot support the Chicago platform.

Representative Desha, a silver Democrat from Harrison county, openly denounced Senator Lindsay as a traitor to his party and called upon him to return home and face an outraged constituency. Others who made hot speeches along this line were Representatives Trimble, Nelson, Petty, Orr and Hickman. The resolution was adopted by a viva voce vote.

SKIFF CAPSIZED.

Two Were Drowned and Two Saved From a Watery Grave.

CAIRO, Ill., Jan. 28.—R. P. Holley, his wife, baby and Lula Brown, a nurse girl, 16 years old, entered a skiff to go East Cairo, Ky. The skiff was struck by a floating log and overturned. The baby was drowned instantly, but the others clung to the overturned skiff until it floated under the guard of a wharfboat, when Lula Brown, chilled by the icy water, lost her hold and was drowned. Holley and his wife managed to hold on until a yawl reached them and they were brought to the shore four blocks from where they had embarked.

WAS IT SUICIDE?

Dr. Joseph S. Sharp Deliberately Steps In Front of a Train.

LANCASTER, O., Jan. 28.—Dr. Joseph S. Sharp, 70 years of age, was killed at Sugar Grove by the north bound Columbus, Hocking Valley and Toledo through passenger train. He was walking along the tracks, and as the train approached he stepped in front of it, meeting instant death. Whether it was inadvertence or a suicide is unknown, but the fact that life had been a failure in some respects to the old gentleman leads many to the latter opinion.

HERO'S DARING DEED.

Flagman Snatches a Lady From Instant Death and Is Injured.

SPRINGFIELD, O., Jan. 28.—Edward J. Holland, a Big Four flagman, has proved himself a hero. An aged lady appeared on the tracks and failed to notice a switch engine, with a cut of cars coming toward her. Holland ran forward at the risk of his own life, grabbed the woman in his arms and carried her off the track uninjured. He was struck by the engine. His hip was badly bruised and his foot crushed.

PULLED OUT HER HAIR.

Young Man's Singular Attack on a Chicago School Girl.

CHICAGO, Jan. 28.—A well dressed young man attacked Ruby Waters, 12 years old, as she was returning home from the Marquette school last evening, and after throwing her in the snow deliberately pulled out one of the side braids of her long hair by its roots from her head by main strength. The man put the braid in his pocket and walked off. The girl's scalp was badly lacerated and she is in a serious condition.

NATIONAL STOCKGROWERS.

Denver Entertains the Convention With a Barbecue.

DENVER, Jan. 28.—The National Stockgrowers' convention after three days of harmonious and important deliberations came to an end yesterday. The organization of the Live Stock Association of the United States of America was completed by the selection of an executive committee. Denver was unanimously selected for next year's meeting. The closing number on the programme was the last barbecue to be given in America where buffalo is to appear on the menu.

Among the rare viands were nicely cooked elk and opossum, besides beef, mutton and pork in great quantities. The barbecue was held at the Union stock yards and the Burlington railway and the street car companies carried from 25,000 to 30,000 people to the grounds. So great were the crowds that the six tons of meat served was hardly enough to satisfy all and before the crowds could be served, the tables broke down and brushing aside the police and military guards, the crowds overran the grounds helping themselves to what was in sight. Governor Adams and Mayor McMurray were present but their expostulations were unheeded. The crowd was good natured and no one was hurt.

THE DEACON'S PIETY.

IT WAS EQUAL TO ALL OCCASIONS AND LASTED OVER EIGHTY YEARS.

Suspended Religious Services Indefinitely to Nurse the Victims of a Smallpox Epidemic—An Example In This as He Was In Devotion to the Flag.

Deacon William Trowbridge was a small farmer living near Sheboygan Falls. He went there over 50 years ago. Besides tilling a little patch of ground the deacon, who was indeed the very soul of honor and ever had the respect and confidence of all in that community, was in the habit, before regular preachers were sent there, of reading a sermon or exhorting. There was no sham about Deacon Trowbridge's piety. He was sincerity itself.

Fifty years ago the little village was visited by a smallpox epidemic—an old fashioned, widespread and spreading epidemic—and they didn't know how to scotch it as well as they do now. The first Sunday after the dreaded disease made its appearance the deacon's congregation was quite large. At the end of the services he made an announcement in about these words:

"These services will be postponed until after the smallpox disappears from the community. From this on I shall give my services to the stricken families. I shall minister to their wants, help to nurse them, and when they die follow them to the grave. It may be a long term or it may be a short term, but, however long or however short, it is my plain duty to help my distressed neighbors."

The word was well suited to the action which followed. The good old deacon hurried to his home, changed his clothes, bade his family goodby and at once began his work of mercy. What a work it was! The epidemic lasted nearly all winter. Large numbers died. Few in the village escaped the disease. The deacon's example was followed by others. Men went to their homes, told their wives and children what the deacon had said and was doing, arranged their business, provided fuel and provisions, kissed their dear ones and went to the aid of the unfortunate. Like the deacon they went without reward or hope of reward. Like him they spent weeks and some of them months in that service without daring to go home lest their dear ones catch the disease.

The strangest of all this strange experience is the fact that neither the deacon, the good souls who imitated his example nor their families were overtaken by the malady, notwithstanding the fact that the watchers, helpers and nurses were almost constantly in the presence of the suffering patients and notwithstanding the fact that they laid out and helped to bury the dead.

Nearly half of the deacon's congregation had disappeared when, the next spring, he resumed services in the schoolhouse. It was a sorrowful Sunday. Those in the audience who had not lost members of their family had lost neighbors and dear friends. When the good old Christian had read a chapter, prayed and talked a practical sermon, he referred feelingly to the scenes through which the community had passed. I think every man, woman and child in the room, including the deacon, wept. At the close of the talk he asked all present to join him on their knees in asking that the community might escape such visitations for all time to come. It was a most earnest appeal. I believe that that prayer has been answered. There may have been a few cases of smallpox there since then, but there has never been an epidemic.

The Sunday after Sumter was fired upon, and while Deacon Trowbridge was conducting services in the Baptist church, the denomination to which he belonged for over 80 years, he and his congregation were disturbed by a great commotion in the street right in front of the church. There were beating of drums and sounds of life much out of tune. It was so uncommon a thing that most of the congregation walked or ran out of the church. Finally the deacon closed the Bible and slowly followed his fleeing flock. When outside, he asked the cause of "this unseemly disturbance on the Lord's day." Some one told him that the president had called for soldiers to uphold the honor and the flag of the nation and that they were going to raise a company right then and there.

The old deacon's eyes flashed as he walked out into the street, where a young fellow was irregularly pounding a bass drum, and said: "Nathan, I know it is Sunday and that all but the Lord's work should be abandoned, but the saving of our country and the shielding of its flag from dishonor is the Lord's work. Give me that drum." And that model of piety strapped on the big drum and went to pounding, greatly outdoing Nathan in two respects—he made more noise and kept perfect time. He drummed as no one before had never drummed in the little village. As if it had gone on lightning wings, word flew through the community that Deacon Trowbridge had left his pulpit to beat a drum, and on Sunday too.

Within half an hour nearly every one in town and many from the outskirts had gathered around the old drummer, all cheering him, and on Sunday too. That night Nathan Cole, who had been relieved as drummer by the deacon, went to Sheboygan with enough men to make up what became Company C of the Fourth Wisconsin.—J. A. Watrous in Chicago Times-Herald.

Ensha Berry, of this place, says he never had anything do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. CHAS. A. DANA'S REMINISCENCES

These reminiscences contain more unpublished war history than any other book except the Government publications. Mr. Dana was intimately associated with Lincoln, Stanton, Grant, Sherman, and the other great men of the Civil War. He had the confidence of the President and his great War Secretary, and he was sent on many private missions to make important investigations in the army. Lincoln called him "The Eyes of the Government at the Front." Everywhere through the memoirs are bits of Secret History and Fresh Recollections of Great Men. These Reminiscences will be illustrated with many Rare and Unpublished War Photographs from the Government collection, which now contains over 8,000 negatives of almost priceless value.

The Christmas McClure's contained a complete Short Story by Rudyard Kipling entitled "The Tiger of His Ancestors," the title of a clouded Tiger, an officer in the Indian army, and a rebellious tribe. We have in hand also a New Ballad, a powerful, grim, moving song of War Ships. It will be superbly illustrated by Mr. Kipling will be a frequent contributor.

ANTHONY HOPE'S NEW ZENDA NOVEL

Rudyard Kipling, Robert Barr, William Allen White, Ian Maclaren, Octave Thanet, Stephen Crane, and many others, the best story writers in the world, will contribute to McClure's during the coming year.

Special to the REPUBLICAN:

COLUMBUS, Ind., Jan. 28.—After being out forty minutes the jury returned a verdict for \$500 damages for the plaintiff in the case of J. N. Marsh, editor of the Times, vs the Pullman Palace Car Company.

This case which has been on trial yesterday and today at Columbus grew out of the refusal of the company to allow Mr. Marsh to occupy a berth in one of the company's cars last July as he was returning over the Louisville and Nashville, after the outing of the Southern Indiana Press Association at the Tennessee centennial.

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. Buy the genuine, made by the California Fig Syrup Co.

The February number of McClure's magazine is particularly notable in its personal biographical matter. There is a series of "Great Portraits of Lincoln," showing him at the time when he was in the full heat of his great debate with Douglas, at the time of his first nomination to the presidency, and at other historic moments in his life. An interesting article by Miss Tarbell gives the history of the several portraits. Mr. Dana's "Reminiscences" continue, and give his observations of Rosecrans, Thomas and Garfield at the time of the battle of Chickamauga.

The Croth-raville Commercial this week says the following complimentary words concerning D. H. Brown, reporter for the REPUBLICAN and probably the best known newspaper reporter in this part of Indiana:

"If there is any one man, more than any other, who adds to the business appearance of Seymour it is jovial Mr. D. H. Brown, the news reporter. He possesses the modern hustle that makes things go, and mixes in with his work good old fashioned humor and hand-shaking. A good word and a pleasant smile, for strangers and acquaintances alike he makes many agreeable acquaintances and friend-ships."

Commercial Club Meeting.

The meeting last night of the commercial club was not largely attended. Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills are the best.

SUBSIDIARY SILVER

Secretary Gage Desires Authority to Increase the Amount.

DEMAND FOR SMALL COIN

Of the \$10,000,000 in the Treasury, \$7,000,000 are unfit for circulation by reason of abrasion—Alaskan Military Expedition—Important Items in the Military Bill.

WASHINGTON, Jan. 28.—Secretary Gage sent to Chairman Stone, of the house committee on coinage, a letter in which he explains the necessity for the enactment of several important bills recently introduced in the house at his request and still pending. He says the amount it is permissible, under existing law, to allow the minter and refiner for wastage in their operations of the precious metals is excessive and should be reduced to one-half thousandths of the whole.

The demand for new fractional silver coin since 1833 has been much greater than the amount coined and the treasury has been compelled to pay out worn coin, as the amount of new coins manufactured has been limited by the appropriation made for the payment of loss on recoinage of such coin.

From the demands for new coin it would appear that a much larger amount of subsidiary silver coin would be maintained in circulation if the secretary of the treasury were authorized to use any silver bullion now in the treasury, in the coinage of such denominations of subsidiary silver coin as might from time to time be required and it is therefore recommended that such authority be given by congress not only to use any bullion now in the treasury, but also authority to receive all worn and abraded fractional silver coin now in the treasury and hereafter received. There are now in the treasury over \$10,000,000 in subsidiary silver coins, of this amount it is estimated that about \$7,000,000 is unfit for circulation. The third bill is to authorize the receipt of foreign gold coin in sums of \$5,000 in any single deposit and to pay for them without previously melting the coin to be held as bullion and paid out for export in exchange for United States coin.

Senate and House. WASHINGTON, Jan. 28.—The senate yesterday decided to extend the time for debate on the Teller resolution, the vote to be taken at 6 o'clock this evening. The debate was continued throughout the entire session yesterday. The house succeeded in passing the Indian appropriation bill, the only important changes in it being the elimination of the provision for leasing of the glauconite mineral lands of the Kiowa, Comanche, Wichita and Apache reservations.

Alaskan Military Expedition. WASHINGTON, Jan. 28.—Acting Secretary McKeljohn is arranging to send a military expedition up the Copper River route to Alaska to map out the topography of the country and finally establish the value of this route to the Klondike gold fields. Reports indicate that this may turn out to be the most feasible of the winter routes and that is one reason for sending the expedition now.

Three Important Items. WASHINGTON, Jan. 28.—It is regarded as settled that the naval appropriation bill, now being framed by a house subcommittee, will contain three important items namely, \$1,000,000 for smokeless powder, \$500,000 for reserve ammunition and \$300,000 for the establishment of a government powder factory.

Highest Point in Seven Years. WASHINGTON, Jan. 28.—The gold reserve yesterday reached \$163,670,000, the highest point in about seven years. The accumulation is becoming something of a burden and the government is no longer encouraging its deposit.

RECEIVED AN OVATION.

McKinley at the Banquet of National Association of Manufacturers. NEW YORK, Jan. 28.—The third annual banquet of the National Association of Manufacturers of the United States, which took place last night at the Waldorf-Astoria hotel, was one of the largest and most elaborate affairs of the kind ever given in this city. One thousand guests were seated at the tables.

The fact that President McKinley would be present caused a rush for more tickets. The wildest enthusiasm prevailed when President McKinley was introduced. Men stood in their seats; women in the boxes waved their handkerchiefs and the uproar drowned the speaker's voice. The cheering and clapping of hands were redoubled when a toast was drunk to the president.

President McKinley responded, speaking slowly and plainly and was heard in every portion of the hall.

BLOODY KURDS.

VIENNA, Jan. 28.—It is reported here that the Kurds are devastating Armenian villages in the neighborhood of Russian Vilayets and that the Armenians are retaliating. There is complete anarchy in the Asiatic provinces of Turkey.

ANNUAL BANQUET.

Members of the Indiana Republican Editorial Association Enjoy Themselves. INDIANAPOLIS, Jan. 28.—The Indiana Republican Editorial association held its annual banquet last night at the Denison House. There were about 50 editors and their wives in attendance. The spread was an elaborate affair and was presided over by J. A. Kemp of the Salem Republican-Leader. Speeches were made by Governor Mount, Lieutenant Governor Haggard and Congressman Overstreet. Among those present were: J. D. and Mrs. S. E. Hogate, Danville; J. E. Walker and Mr. and Mrs. W. H. Craig, Noblesville; A. W. Tracey, Hartsville; Mr. and Mrs. Pershing, Peru; F. T. Singleton, Martinsville; A. W. Howard, Spencer; Mr. and Mrs. S. N. Cragin, Lebanon; Louis Holtman, Brazil; Harry George and John George, Jr., Lafayette; Charles W. Lockwood, Peru; and B. Maddock, Bloomfield.

GERRARD FOWKE.

He Has Been Investigating Indian Mounds Near Aberdeen, Ky. MASSVILLE, Ky., Jan. 28.—The mysterious party who has been opening Indian mounds near Aberdeen, turns out to be Gerrard Fowke, who is connected with the Smithsonian Institution. He has left for New York, whence he will sail in February in charge of a party for Siberia to conduct a series of explorations for the New York Society of Natural History.

Mr. Fowke formerly resided in this county, and is a grandson of the noted duelist, Colonel Charles Mitchell. His explorations of the mounds near Aberdeen disclosed the fact that they were burying places for the Shawnee tribe of Indians, although the tribe was never known, so far as the records go, to frequent this section of the country.

EMPEROR WILLIAM.

His Birthday More Generally Celebrated Than Usual.

BERLIN, Jan. 28.—The celebration of the birthday of Emperor William yesterday was more general than usual. The public and other buildings were decorated with flags and busts of his majesty were everywhere displayed. The emperor received the congratulations of his mother, the ex-empress Frederick, and the German princess, including the kings of Saxony and Wurtemberg.

The newspapers, excepting the Socialist organs, published congratulatory articles. The Socialist papers deplore the monarchical feeling and the conservative and agrarian press urge the emperor to show courage and abolish the general franchise and workmen's rights of coalition.

OWN ALL THE WHEAT.

Letter Crowded Claims to Hold Every Bushel in the Country.

CHICAGO, Jan. 28.—"Basing our estimates on the government figures, we think we now own every bushel of surplus wheat in this country," George E. French, the active manager of the big wheat combination, was speaking for himself and Joseph Leiter, who is the visible head of the "clique." He said: "According to the most reliable estimates obtainable, we think there is not more than 15,000,000 bushels of wheat unaccounted for. Scattered over different parts of the country we have holdings of at least that amount, so we can safely claim to have possession of all the surplus."

MARRIED AN INDIAN.

Mrs. Minnie Cushman, a White Teacher in the Fort Shaw Schools.

GREAT FALLS, Mont., Jan. 28.—Mrs. Minnie Cushman, a white woman and teacher in the Fort Shaw schools has been clandestinely married to Garrett White, a fullblood Piegan Indian at Duppy. The bride is a daughter of C. C. Bateman, chaplain of the United States army at Fort Belknap and formerly of Fort Assinaboine. She is a handsome brunette, 26 years old and has been in the employ of the government since she was 10 years old. She and her husband have gone east on a wedding tour.

Taken to a Sanatorium. NEW YORK, Jan. 28.—Hallie Erminie Rives, the young southern author, is a patient at a sanatorium in Brooklyn. Unnerved by hostile criticism of her recent work, "Smoking Flax," and overtaxed by the effort to get out another volume dealing with southern problems, she was taken to a sanatorium for treatment and rest.

Hurricane Visits Odessa. ODESSA, Jan. 28.—A hurricane has worked immense destruction in this district. Whole villages have been devastated and the damage to shipping is enormous.

That Option Sells at \$1.05 on the Chicago Market. CHICAGO, Jan. 28.—The bulls in wheat yesterday gave another example of how completely they are in control of the immediate course of that market. The Leiter party used January to urge on the excitement of the shorts, hoisting the price of that delivery to \$1.05, an advance of 5 cents. General covering by shorts resulted in a 2 1/2 cent advance in May, while July closed 1 1/2 cents higher, with the largest trade in both futures for some time. Reports that Russia would soon become an importer, a big flour business and strong outside markets all contributed to the strengthening and to make the advance easy.

Fell 800 Feet. ODIN, Ill., Jan. 28.—Charles Dunman, aged 26 years and married but a short time, fell from the top to the bottom of the coal mine shaft here, a distance of nearly 800 feet, and was instantly killed. Mr. Dunman was a prominent member of the K. of P. at this place.

ARANGUREN KILLED

Was the Executor of Colonel Ruiz, Blanco's Aide-de-Camp.

BODY WAS TAKEN TO HAVANA

The General Surprised While Visiting a Young Lady—Public Prosecutor Demands Weyler's Imprisonment. Captain Sigbee Is Receiving and Extending Courtesies.

HAVANA, Jan. 28.—Lieutenant Colonel Benedicto, with the Spanish Reina battalion, yesterday surprised near Tapaste, this province, the camp of the insurgent Brigadier General Nestor Aranguren, killing Aranguren and four privates, capturing five of the insurgents and wounding others who made their escape.

The body of Brigadier General Aranguren was brought by train to Havana last evening and delivered to the military authorities. After identification it was sent to the morgue.

Brigadier General Aranguren was evidently about 24 years of age, of fair complexion with blond hair and a small moustache. The body, which shows two bullet wounds, one in the head and one in the right leg, is dressed in cashmere pantaloons, gray woolen coat, yellow shoes and gaiters comparatively new. It is said that the gaiters and the vest once belonged to Lieutenant Colonel Joaquin Ruiz, the aide-de-camp of Captain General Blanco, who, having gone last December to Aranguren's camp with terms of surrender, was executed by Aranguren or with his approval.

According to the Spanish authorities Brigadier General Aranguren was surprised while on a visit to a young woman on the Pita farm, between Campo Florida and Tapaste. He was wounded and on trying to escape was shot dead. Among the prisoners is the father of the young woman. He was the dynamiter of Aranguren's band.

CAPTAIN SIGSBEE.

Commander of the Maine Receiving and Extending Courtesies.

HAVANA, Jan. 28.—Captain Sigbee of the United States warship Maine, accompanied by Consul General Lee and Lieutenants Howard and Haleman of the Maine paid a visit yesterday to General Parrado, the acting captain general who received them courteously and cordially. They expressed themselves as well satisfied with the interview. General Parrado accompanied by Consul General Lee returned the visit on board the Maine this morning.

General Blanco has arrived at Manzanillo, where he has been formerly received by the authorities and by the autonomist committee. Large crowds turned out on his arrival. Reports from Remedios say that many families of the reconcentrados are in a most wretched condition.

SPANISH WAR VESSEL.

Minister Woodford Notified That One Will Visit America.

MADRID, Jan. 28.—United States Minister Woodford's note, announcing the cruise of the Maine, and the reply of the foreign minister, Senor Gullon, intimating that a Spanish war vessel will visit America, are both couched in markedly polite and friendly terms.

It has been decided to send the first class cruiser Infanta Maria Teresa to America, instead of the Vizcaya, because the latter's commanding officer, Captain Concas, in the course of a lecture before the Madrid Geographical society in 1896, censured the United States in a manner that provoked the then American minister, Hannis Taylor, to demand an explanation.

Canalejas' View of the Situation. MADRID, Jan. 28.—Ex-Minister Canalejas, The Imparcial announces, has arrived at Cadiz from Havana (having visited the United States and Cuba to study the political situation), and has expressed a pessimistic view of the duration of the war, declaring the insurgents have the means to greatly prolong their resistance in the mountains.

Demands Weyler Be Sentenced. MADRID, Jan. 28.—The public prosecutor demands a sentence upon Lieutenant General Weyler of two months' imprisonment.

JANUARY WHEAT.

That Option Sells at \$1.05 on the Chicago Market.

CHICAGO, Jan. 28.—The bulls in wheat yesterday gave another example of how completely they are in control of the immediate course of that market. The Leiter party used January to urge on the excitement of the shorts, hoisting the price of that delivery to \$1.05, an advance of 5 cents. General covering by shorts resulted in a 2 1/2 cent advance in May, while July closed 1 1/2 cents higher, with the largest trade in both futures for some time. TWO ATTEMPTS AT HANGING.

Jackson Glass' Unsuccessful Efforts to Take His Life.

CHARLESTOWN, Ind., Jan. 28.—Jackson Glass, an old farmer, yesterday made two unsuccessful attempts at suicide by hanging, due to temporary insanity. He first attached a rope to the top of a door in his home, but his feet dragged. He then proceeded to a well, placed a rail across the top, attached a rope to it and, with the other end fastened to his neck, jumped off. The rope broke and he fell to the bottom in shallow water, and was only slightly hurt.

BRUTALLY OUTRAGED.

Twenty Ruffians Leave Lulu Friend in a Mine Nearly Dead.

JACKSON, O., Jan. 28.—As Lulu Friend, a 15-year-old girl, was going from the depot to her home near the Tom Corwin mine, accompanied by John R. Meyers and Vint Faught, two friends of the family, they were attacked by a crowd of ruffians, who overpowered the men and carried off the girl. Meyers and Faught offered a desperate resistance and the latter was struck with a rock, fracturing his skull so that he is not expected to live.

After gaining possession of the girl, the band of ruffians carried her into one of the Weston company's mines, where 20 men outraged her, after which they fled, leaving her half dead in the mine, where she was found soon afterward by a searching party. When found she was in a terrible condition mentally and physically. Physicians do not think she can live. No arrests have yet been made.

INSURANCE RATES CUT.

Fourth Class Towns in Kentucky Receive the Benefit.

LOUISVILLE, Jan. 28.—The Kentucky and Tennessee board of fire underwriters has authorized a cut of from 20 to 25 per cent on dwelling house risks in fourth-class towns. These are places without water, or have ineffectual water service. The cut will go into effect at once. It will benefit about 150 towns and villages in Kentucky alone. The reduction of risks in the fourth-class towns was entirely unsolicited. The Kentucky and Tennessee board is at work on a new floor mill schedule. At the request of the board fire departments have been equipped and water works built in many towns.

Strikers Outwitted. LEBANON, Ind., Jan. 28.—The Chicago and Southwestern road has succeeded in getting freight through this city. Five cars were placed between the engine and malice. The strikers could not sidetrack the freight cars without interfering with the mails and the train was not molested. The company owes the men here about \$6,000 in amounts ranging from \$500 down.

Left a Peculiar Will.

GESSIE, Ind., Jan. 28.—The will of the late R. J. Gessie of this place has been probated in the Vermillion court. It is a peculiar document, providing for the erection of a public school building in Gessie for the accommodation of 20 boys and 20 girls, and also states that his relics shall remain in the front room of his home under lock and key forever.

Foresters Will Recognize Women. LAPORTE, Ind., Jan. 28.—The Laporte Court of Foresters have delegated Harry B. Darling to prepare resolutions to present to the state convention to be held at Crown Point next week, recognizing women as eligible to membership in the order, and creating a woman's auxiliary. Courts of the state are said to be favorable to the proposition.

Experts to Go Over ex-Official's Books in Elkhart County.

HEIRS TO THE BALL MILLIONS.

Whisky and Beer Flowed in the Streets of Young America—Left a Peculiar Will—Made Two Attempts to Hang Himself—Escaped From Jail. State Dental Board.

GOSHEN, Ind., Jan. 28.—The county commissioners have entered into a contract with the experts to go over the books of County Treasurers Romaine and Campbell and Auditors Milburne and Landgreaver. This action is the result of charges made by Expert Ernest, who has just finished an examination of ex-Treasurer Holdeman's books which showed him \$22,000 short, and "surface indications" showed both Romaine and Campbell to be short. It is believed the accounts will be found correct, but the feeling aroused by charges and counter-charges of bribery, hoodling and defaulting is so bitter that an examination of the county records for years back was deemed advisable by all concerned. The majority of the board of commissioners have been indicted for accepting bribes.

SALOON DEMOLISHED.

Whisky and Beer Flowed in the Streets of Young America.

YOUNG AMERICA, Ind., Jan. 28.—W. F. Nace's saloon at this place was mobbed by about 100 men. Whisky and beer kegs were burst open with sledge hammers and the contents emptied into the street. The bar furniture was broken into splinters and piled into the middle of the floor. The reason given for this outbreak is the alleged treatment of a young boy who had gone to the saloon to take his father, who was intoxicated, home. The boy was told to leave the "old man" alone, but he refused and a fight ensued. When the citizens of the town heard of the affair they were greatly incensed and took this manner of revenge.

JOSEPH BALL'S HEIRS.

INDIANAPOLIS, Jan. 28.—Representatives of heirs of Joseph Ball met at the Bates House here today and will be in session tomorrow, discussing plans for prosecuting their claims to the Ball millions. The most valuable portion of Joseph Ball's property is said to be located in and around Philadelphia. The lease for this property, which was for 99 years, does not expire for 10 years. Ball, who died at Philadelphia in 1821, owned nearly 900,000 acres of land in various parts of the country. It is claimed. He left no children. Claimants living in Pennsylvania, Virginia, Ohio, New Jersey, Illinois, Kansas and Indiana are represented at the meeting.

Dr. Miles' Heart Cure

Cure a Prominent Attorney.

DR. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and swooning spells. My form was bent as a man of 80. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from quacks for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle refunded. Book on diseases of the heart and nerves free. Address, **DR. MILES MEDICAL CO., Elkhart, Ind.**

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. The February number of McClure's magazine is particularly notable in its personal biographical matter. There is a series of "Great Portraits of Lincoln," showing him at the time when he was in the full heat of his great debate with Douglas, at the time of his first nomination to the presidency, and at other historic moments in his life. An interesting article by Miss Tarbell gives the history of the several portraits. Mr. Dana's "Reminiscences" continue, and give his observations of Rosecrans, Thomas and Garfield at the time of the battle of Chickamauga.

"If there is any one man, more than any other, who adds to the business appearance of Seymour it is jovial Mr. D. H. Brown, the news reporter. He possesses the modern hustle that makes things go, and mixes in with his work good old fashioned humor and hand-shaking. A good word and a pleasant smile, for strangers and acquaintances alike he makes many agreeable acquaintances and friendships."

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills are the best.

Dr. Miles' Heart Cure

Cures a Prominent Attorney.

MR. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 50. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

CALL FOR REPUBLICAN PRIMARY.

The republicans of the city of Seymour, Indiana, will hold a primary election on Tuesday the 8th day of March. Polls will be opened at one o'clock p. m., and will close promptly at 8 o'clock p. m. There will be one voting place in each ward, place to be designated later. The following officers will be voted for: Mayor, marshal, city clerk, city treasurer, city judge and one councilman from each ward of the city. All persons wishing to be candidates for any of the offices must notify the city chairman not later than the 1st day of March, 1898.

By order of the City Committee.
W. H. BURKLEY, Chairman.
C. A. DAY, Secy.

The monetary convention at Indianapolis has given a great impetus to currency reform. Every citizen will do well to study thoroughly the plan proposed. This plan is the result of the most careful consideration by the successful business men of our country. This fact alone entitles the recommendation to the thoughtful study.

The annual meeting of the Indiana republican editors is becoming a more important affair each year. Business matters, to be sure, take a part of the attention during the meetings, but a large part of the succeeding sessions is given up to the political policy of the party.

In every campaign the county papers furnish a large part of the facts used by party workers and the readers of these papers are always the best informed and most ready to cast their ballot for the principles which they believe. The party newspaper is recognized every year as a more potent factor in the political campaign.

Men who for years have been suffering with a distressing affection of the back or kidneys have been immediately relieved and permanently cured by the judicious use of Salvation Oil, the great pain cure. Apply according to directions.

Chinese Partition Sooner or Later.

We have been accustomed in times past to think of the Chinese as several hundred millions of perfectly homogeneous people. As a matter of fact, although they belong to the great yellow division of the human race, the diversities of type in the different parts of China are greater than the diversities among white men of Europe, and there is less connection and by far less sympathy among them than among the discordant population elements that make up the present-day conglomerate that we know as the Austro-Hungarian empire. There is an immense range of dialects in China, and it often happens that the people of one neighborhood cannot talk with those who live in another four or five miles away. There is no such thing in China as a pervasive national feeling of an imperial patriotism. The various provincial governments are not under firm control by the central government, and such military and naval forces as exist are provincial rather than imperial. The Chinese of different provinces hate each other worse than they hate the foreigners of other races. When the moment arrives for a partition of China upon a plan that would not injure European peace, the thing can be carried out as easily as was the German landing and conquest at Kiaochow. Cuba, Hawaii and China furnish the principal topics discussed editorially in the American Review of Reviews for February. There are few paragraphs of pointed comment on current domestic politics—the factional differences among Ohio republicans and the swelling tide of Crokerism in the democratic party. The editor gives his views on Tammany's attitude toward the New York rapid-transit problem and on the reckless expenditure of canal-improvement funds by the republican bosses of the state.

NATIONAL STOCKGROWERS.

Denver Entertains the Convention With a Barbecue.

DENVER, Jan. 28.—The National Stockgrowers' convention after three days of harmonious and important deliberations came to an end late yesterday. The organization of the Live Stock Association of the United States of America was completed by the selection of an executive committee. Denver was unanimously selected for next year's meeting. The closing number on the programme was the last barbecue to be given in America where buffalo is to appear on the menu.

Among the rare viands were nicely cooked elk and opossum, besides beef, mutton and pork in great quantities. The barbecue was held at the Union stock yards and the Burlington railway and the street car companies carried from 35,000 to 30,000 people to the grounds. So great were the crowds that the six tons of meat served was hardly enough to satisfy all and before the crowds could be served, the tables broke down and brushing aside the police and military guards, the crowds overran the grounds helping themselves to what was in sight. Governor Adams and Mayor McMurray were present but their expostulations were unheeded. The crowd was good natured and no one was hurt.

LOTTERY SWINDLERS.

Gang Unearthed by Government Secret Service Men at Cleveland.

CLEVELAND, Jan. 28.—Government secret service agents have succeeded in unearthing a gang of lottery ticket counterfeiters, whose operations during the last five years have extended through nearly every large city in the country. They arrested Thomas Dolan on the charge of sending lottery tickets through the mails. Dolan pleads innocence of violating the postal laws, but says nothing about the swindling scheme. He was released on \$500 bail.

The gang's method of operation was to buy lottery tickets, wait for the announcement of the winning numbers and change the numbers on the tickets to correspond. No attempt was made to have the lottery company cash the tickets direct, but in Cleveland there are 17 "pushers" who disposed of them to individuals at a slight discount after showing the official list of winning numbers and making the plea that they were in need of ready money.

ASKED TO RESIGN.

Kentucky House Passes a Resolution of Interest to Senator Lindsay.

FRANKFORT, Ky., Jan. 28.—The house yesterday, after a hot debate, adopted a resolution calling on United States Senator William Lindsay to resign, if he cannot support the Chicago platform.

Representative Desha, a silver Democrat from Harrison county, openly denounced Senator Lindsay as a traitor to his party and called upon him to return home and face an outraged constituency. Others who made hot speeches along this line were Representatives Trimble, Nelson, Petty, Orr and Hickman. The resolution was adopted by a viva voce vote.

SKIFF CAPSIZED.

Two Were Drowned and Two Saved From a Watery Grave.

CAIRO, Ill., Jan. 28.—R. P. Holley, his wife, baby and Lulu Brown, a nurse girl, 16 years old, entered a skiff to go East Cairo, Ky. The skiff was struck by a floating log and overturned. The baby was drowned instantly, but the others clung to the overturned skiff until it floated under the guard of a wharfboat, when Lulu Brown, chilled by the icy water, lost her hold and was drowned. Holley and his wife managed to hold on until a yawl reached them and they were brought to the shore four blocks from where they had embarked.

WAS IT SUICIDE?

Dr. Joseph S. Sharp Deliberately Steps In Front of a Train.

LANCASTER, O., Jan. 28.—Dr. Joseph S. Sharp, 70 years of age, was killed at Sugar Grove by the north bound Columbus, Hocking Valley and Toledo through passenger train. He was walking along the tracks, and as the train approached him he stepped in front of it, meeting instant death. Whether it was inadvertence or a suicide is unknown, but the fact that life had been a failure in some respects to the old gentleman leads many to the latter opinion.

HERO'S DARING DEED.

Flagman Snatches a Lady From Instant Death and Is Injured.

SPRINGFIELD, O., Jan. 28.—Edward J. Holland, a Big Four flagman, has proved himself a hero. An aged lady appeared on the tracks and failed to notice a switch engine, with a cut of cars coming toward her. Holland ran forward at the risk of his own life, grabbed the woman in his arms and carried her off the track uninjured. He was struck by the engine. His hip was badly bruised and his foot crushed.

PULLED OUT HER HAIR.

Young Man's Singular Attack on a Chicago School Girl.

CHICAGO, Jan. 28.—A well dressed young man attacked Ruby Waters, 12 years old, as she was returning home from the Marquette school last evening, and after pulling her in the snow deliberately pulled out one of the side braids of her long hair by its roots from her head by main strength. The man put the braid in his pocket and walked off. The girl's scalp was badly lacerated and she is in a serious condition.

THE DEACON'S PIETY.

IT WAS EQUAL TO ALL OCCASIONS AND LASTED OVER EIGHTY YEARS.

Suspended Religious Services Indefinitely to Nurse the Victims of a Smallpox Epidemic—An Example In This as He Was In Devotion to the Flag.

Deacon William Trowbridge was a small farmer living near Sheboygan Falls. He went there over 50 years ago. Besides tilling a little patch of ground the deacon, who was indeed the very soul of honor and ever had the respect and confidence of all in that community, was in the habit, before regular preachers were sent there, of reading a sermon or exhorting. There was no sham about Deacon Trowbridge's piety. He was sincerity itself.

Fifty years ago the little village was visited by a smallpox epidemic—an old fashioned, widespread and spreading epidemic—and they didn't know how to scotch it as well as they do now.

The first Sunday after the dreaded disease made its appearance the deacon's congregation was quite large. At the end of the services he made an announcement in about these words:

"These services will be postponed until after the smallpox disappears from the community. From this on I shall give my services to the stricken families. I shall minister to their wants, help to nurse them, and when they die follow them to the grave. It may be a long term or it may be a short term, but, however long or however short, it is my plain duty to help my distressed neighbors."

The word was well suited to the action which followed. The good old deacon hurried to his home, changed his clothes, bade his family goodbye and at once began his work of mercy. What a work it was! The epidemic lasted nearly all winter. Large numbers died. Few in the village escaped the disease. The deacon's example was followed by others. Men went to their homes, told their wives and children what the deacon had said and was doing, arranged their business, provided fuel and provisions, kissed their dear ones and went to the aid of the unfortunate. Like the deacon they went without reward or hope of reward. Like him they spent weeks and some of them months in that service without daring to go home lest their dear ones catch the disease.

The strangest of all this strange experience is the fact that neither the deacon, the good souls who imitated his example nor their families were overtaken by the malady, notwithstanding the fact that the watchers, helpers and nurses were almost constantly in the presence of the suffering patients and notwithstanding the fact that they laid out and helped to bury the dead.

Nearly half of the deacon's congregation had disappeared when, the next spring, he resumed services in the schoolhouse. It was a sorrowful Sunday. Those in the audience who had not lost members of their family had lost neighbors and dear friends. When the good old Christian had read a chapter, prayed and talked a practical sermon, he referred feelingly to the scenes through which the community had passed. I think every man, woman and child in the room, including the deacon, wept. At the close of the talk he asked all present to join him on their knees in asking that the community might escape such visitations for all time to come. It was a most earnest appeal. I believe that that prayer has been answered. There may have been a few cases of smallpox there since then, but there has never been an epidemic.

The Sunday after Sumner was fired upon, and while Deacon Trowbridge was conducting services in the Baptist church, the denomination to which he belonged for over 80 years, he and his congregation were disturbed by a great commotion in the street right in front of the church. There were beating of drums and sounds of life march out of tune. It was so uncommon a thing that most of the congregation walked out of the church. Finally the deacon closed the Bible and slowly followed his fleeing flock. When outside, he asked the cause of "this unseemly disturbance on the Lord's day." Some one told him that the president had called for soldiers to uphold the honor and the flag of the nation and that they were going to raise a company right then and there.

The old deacon's eyes flashed as he walked out into the street, where a young fellow was irregularly pounding a bass drum, and said: "Nathan, I know it is Sunday and that all but the Lord's work should be abandoned, but the saving of our country and the shielding of its flag from dishonor is the Lord's work. Give me that drum." And that model of piety strapped on the big drum and went to pounding, greatly outdoing Nathan in two respects—he made more noise and kept perfect time. He drummed as no one before had never drummed in the little village. As if it had gone on lightning wings, word flew through the community that Deacon Trowbridge had left his pulpit to beat a drum, and on Sunday too.

Within half an hour nearly every one in town and many from the outskirts had gathered around the old drummer, all cheering him, and on Sunday too. That night Nathan Cole, who had been relieved as drummer by the deacon, went to Sheboygan with enough men to make up what became Company C of the Fourth Wisconsin.—J. A. Watrous in Chicago Times-Herald.

Edna Berry, of this place, says she never had anything do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered greatly with shooting pains from hip to knee until he used his liniment, which affords prompt relief.—B. F. Baker, druggist, St. Paris, Ohio. For sale by C. W. Milhouse.

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. The February number of McClure's magazine is particularly notable in its personal biographical matter. There is a series of "Great Portraits of Lincoln," showing him at the time when he was in the full heat of his great debate with Douglas, at the time of his first nomination to the presidency, and at other historic moments in his life. An interesting article by Miss Tarbell gives the history of the several portraits. Mr. Dana's "Reminiscences" continue, and give his observations of Rosecrans, Thomas and Garfield at the time of the battle of Chickamauga.

The Crotherville Commercial this week says the following complimentary words concerning D. H. Brown, reporter for the REPUBLICAN and probably the best known newspaper reporter in this part of Indiana:

"If there is any one man, more than any other, who adds to the business appearance of Seymour it is jovial Mr. D. H. Brown, the news reporter. He possesses the modern hustle that makes things go, and mixes in with his work good old-fashioned humor and hand-shaking. A good word and a pleasant smile, for strangers and acquaintances alike he makes many agreeable acquaintances and friend-ships."

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation is cured, and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
